Dear Parent/Carer,

RE: Amazon Workshop

Dear Parents and Carers,

As part of our current Geography topic on the **Amazon Rainforest**, Year 3 will be taking part in an exciting **Rainforest Workshop** delivered by *Animals UK*. On **Monday 16th November** during school time.

During the workshop, the children will:

- Meet and handle a range of real animals that can be found in the Amazon Rainforest.
- Learn about their unique habitats and the ways these animals have adapted to survive.
- Explore the importance of rainforests and their role in the wider world.

This workshop will provide a memorable, hands-on experience that will deepen the children's understanding of the rainforest and support the work they have been doing in class.

Please ensure that your child is dressed appropriately in their school uniform on the day. As some animals will be handled, the workshop leaders will give clear safety instructions which the children will be expected to follow at all times.

We are very much looking forward to this exciting opportunity for the children to experience the wonders of the rainforest first-hand.

The cost of this trip is **£13.30** per child (see breakdown below)
Workshop £399.00
Total Costs £399.00
Divided by 30 children = **£13.30 Per Child**

Consent/Contribution is via Abor. Please log on to your child's Arbor account and click on 'other items' the Amazon Workshop will be listed. **Consent/contribution deadline is 3pm Wednesday 11th November.** Contributions are voluntary, however, should insufficient contributions be received, the workshop will not be able to go ahead.

If you have any queries, please don't hesitate to contact myself or the School Office.

Kind Regards

Mrs Taylor
